MEMORANDUM FOR:

THROUGH

SUBJECT

REFERENCE

: Search for TV/Microwave Facilities, Tyan Shan Mountain Range, USSR

: Requirement No. NSA/SOC/R-56-70
NPIC Project No. 250597

1. In response to the referenced requirement, a search was made on the best available photography for TV/microwave facilities in the Tyan Shan Mountain Range of the USSR.

2. This search revealed no photographic evidence of TV/microwave facilities within the search area including the ten referenced locations.

3. The possible towers previously reported in January 1967 are no longer present. These towers may have been geodetic survey towers which have been removed.

4. In the absence of high resolution photography, this search was accomplished on small scale imagery of good interpretability which has, in the past, been sufficient for the identification of TV/microwave facilities.

5. NPIC will report any TV/microwave facilities in the referenced search areas when observed in the future.

6. This project is considered to be complete. Questions regarding this project may be directed to of the Eastern USSR Branch/WGD/IEG, on extension
